200 WEAVERS LEFT THEIR WORK

They Say Company Would Not Discharge Help Not Affiliated With I. W. W.

About 200 weavers went out on strike from the Appleton mills this afternoon because the company refused to discharge weavers not affiliated with the I. W. W.

They refused to work with non-union weavers. Mr. Bowen told them that he could not see his way clear to discharge men and women because they were not affiliated with a certain organization, and he told the strikers that he thought that was asking too much.

WOOD PLEADED NOT GUILTY

Head of the American Woolen Co. Arraigned in Court in Boston Today

BOSTON, Sept. 3.—William M. Wood, president of the American Woolen Co., pleaded not guilty in the superior criminal court today to an indictment charging him with conspiracy in connection with the alleged "planting" of dynamite at Lawrence during the textile strike in that city last winter.

The court proceedings occupied less than 30 seconds. Mr. Wood, accompanied by his son and his attorney, Samuel L. Powers, arrived at the courthouse shortly after 2:30.

As the court clerk asked Wood what he had to say to the charge in the indictment he answered "Not guilty."

Asst. Dist. Atty. Laville told Judge Raymond that the bill of \$5000 had been fixed by a commissioner last week and was paid. This ended the formalities in court and Wood and his counsel left the room.

Attorney Powers said later that he had not yet had time to get acquainted with the case and therefore did not know whether he would ask for a speedy trial for the indicted manufacturer.

The identity of the fourth man indicted on the conspiracy charge became known today when Fred Atteaux surrendered himself. He is a member of the I. W. W. and is said to be a manufacturer of this city. Atteaux was taken into court shortly after his surrender.

Atteaux, with his counsel, David Cookley went to the office of the clerk of courts where \$5000 bail was furnished by Charles Pitts of Medford and Fred Lamson of Brookline.

Atteaux pleaded not guilty when arraigned, but through his counsel reserved the right to change his plea later should he so desire.

Dennis J. Collins today pleaded not guilty to the charge against him. He was still unable to furnish bail and was taken to the county jail.

Mr. Cookley said after the court proceedings were ended that the reason his client reserved the right to change his plea later was for the purpose of attacking the indictment.

FEDERAL INQUIRY INTO ALLEGED PLANTING OF DYNAMITE BEING CONSIDERED

BOSTON, Sept. 3.—United States District Attorney French said today that a federal investigation into the alleged distribution of dynamite during the textile strike at Lawrence last winter was being considered.

"An investigation," said Mr. French, "is in contemplation to see if there was a violation of the interstate commerce act in the transportation of dynamite without a label from one state to another. Such an offense, if committed, was of course incidental to the more serious offense of conspiracy charged against a mill owner of Lawrence."

MARTIAL LAW WAS PROCLAIMED

In the Strike District in West Virginia—8000 Are Said to be Armed With Rifles

CHARLESTON, W. Va., Sept. 3.—Martial law was proclaimed in the strike affected district along Kanawha and Cabin creeks this morning. The territory under the proclamation is a mountainous stretch of about 20 miles from Kanawha river to the Payette county line and about eight miles wide. The decisive move was precipitated by the destruction of the railroad property by the striking miners, who tore up tracks in an attempt to stop the shipment of coal. There are more

than 5000 of the strikers, all of whom are declared to be armed with rifles. The express of Cabin creek was broken into and boxes of ammunition and rifles were broken open by the strikers but before they could get away with them the militia put in an appearance and captured the boat. Two machine guns, 15,000 rounds of ammunition and more than a hundred rifles assigned to a coal company were captured.

All wires from the strike zone have been cut and communication between the various military posts is impossible.

Motor Boat Races Great Success---Great Crowd Interested in the Events

THE PRIZES AWARDED WINNERS OF MOTORBOAT RACES

The Pawtucket Motorboat club held their annual regatta yesterday afternoon on the Merrimack river and there were 28 boats entered in the races. The starting place of the races was marked by a buoy in front of the club house and the course went up the river as far as the pumping station, where a second buoy was floated, around which the boats had to turn. This made a distance for the course of

four miles to a lap. A large number of spectators lined the banks of the river to see the races and cheered on their favorites. The committee in laying out the course had been most considerate of the spectators and made the course as short as they possibly could for the races. As a consequence of their foresight, those who were gathered on the bank could command a view of a good deal of the course and the fact that the distance called for more than one lap

over the course could see the positions of the craft when they rounded the buoy. A large number of the spectators cruised back and forth on the river and followed the racers on their course, and the river in the vicinity of the club house presented quite a holiday appearance. The officials and members of the regatta occupied a large boat owned by Mr. Harvey Gamble and it was announced on page four

NEW INDUSTRY COMING Plant to Make Waists to Locate Here

PROPRIETOR OF THE CONCERN COMES FROM MONTREAL

At the Present Time Only a Small Number of Hands Will be Employed

Arrangements are being made for the location of a factory to manufacture waists and petticoats to be known as the Lowell Petticoat Mfg. Co., which will locate on Fourth avenue, Pawtucketville. The proprietor of the concern is Mr. A. F. Gavreau, who has had 15 years' experience in this line of work as a designer and manager with two of the largest firms of this kind doing business today. Mr. Gavreau comes from Montreal and is well recommended and is making arrangements to start on a small scale, which in the near future he intends to increase, as he creates a demand for his goods.

Stitching machines and motors are being installed, which will provide employment for about twenty people at the start.

Mr. Gavreau speaks in a very optimistic vein and states that in the near future he will increase his plant and is perfectly satisfied with the local conditions.

Mr. Gavreau will sell to the trade direct and already has large orders to be filled.

FUNERALS

CAMPBELL With saddened hearts the family and friends gathered Saturday afternoon at the home of Mrs. Elizabeth Campbell to say a last farewell to the one they had held most dear. Mrs. Campbell was a thorough Christian, a loving mother and devoted to her home and friends, being left alone when young with a large family of children she worked hard to bring them to manhood and womanhood, but through all her cares she always kept on the bright side of life and was blessed with a cheerful disposition and enjoyed her home and friends. Above all Mrs. Campbell always had great faith in God as her life and good deeds will show, and she will be greatly missed among a large circle of friends and neighbors. Owing to the absence of her pastor, Rev. Mr. Matthews officiated at the services. The floral tributes included: Pillow, "Mother, from family; basket, "Grandma," spray, Mrs. Smith and family; basket, Campbell family of Lawrence; pillow, "At Rest," letter carriers, large piece, Mr. and Mrs. E. E. Brown; sprays from Mr. and Mrs. M. Manning, Mr. and Mrs. A. Y. Rodgers, Miss Lillian Braut, Mr. W. J. Murphy, Mr. and Mrs. George A. Lovejoy, Mr. and Mrs. J. J. Dunn and family of West Chelmsford, Mr. Charles Howarth, J. S. Haines and family, Mrs. Chas. Timothy, Mrs. R. Donnellan, Misses Lena and Emma Farrell; baskets, Mr. and Mrs. C. Judge and Mrs. Geo. Robinson, Mr. and Mrs. H. Catherwood, Mrs. George Davis and family. The bearers were Mr. H. Clifton, Mr. Chas. Howarth, Mr. W. J. Murphy and Mr. Widen. Mrs. Campbell was laid to rest in the family lot in the Edison cemetery. Undertaker George Eastman in charge.

Looking For Translator

If anybody tells you that the smoke inspector at city hall is not a very busy man you might suggest that the question is debatable. It is true, perhaps, that the smoke inspector hasn't succeeded in reducing the quantity of smoke in Lowell but he allows that he has improved the quality. He has communicated with smoke authorities in all of the great cities in the world and has received some very valuable information. When the smoke inspector puts himself in communication with city authorities in a foreign country the correspondence, as a rule, is filtered through the mayor's office. The latest report to arrive is in German and the inspector allows that he will have to send it to the Harvard Bureau for translation. The report was accompanied by the following communication:

Washington, August 30, '12. The Mayor of Lowell, Lowell Mass. Dear Sir:—The department is in receipt of a note from the Imperial German charge d'affaires at the capital, enclosing for transmission to the smoke inspection department of Lowell, which made direct application therefor, a report of the public department of Berlin on the abatement of the smoke nuisance. The report is enclosed herewith.

I am, sir, your obedient servant,
Huntington Wilson,
Acting Secretary of State.

The Malden board of trade and the city government are taking a deep interest in the celebration and it is their intention to make it a big week in every way for the city of Malden. President Taft and Senator Lodge are expected to attend and Mayor Farrell of Malden is leaving no stone unturned to make it a big affair.

Mayor O'Donnell will also attend the sixteenth annual convention of the American League of American Municipalities at Buffalo on September 28 and will address the convention on "Lowell's Experience Under Commission Government."

John B. Clancy Hearing John B. Clancy has a stable in Floyd street and wants to use it for the purposes for which it was built, but there are certain of his neighbors who are opposed to his occupancy of it. In conversation with a reporter for the Sun, today, Mr. Clancy said: "I am to be given a hearing on that subject meeting this evening and it seems that the board of health wants to keep it quiet. Now I do not want the matter kept quiet. I want to see the names of the people who have registered their objections and published, too. I am going to ask to have the hearing continued and when the hearing is given I want it to be public and held in a public hearing room."

Denies Soft Impachment

Commissioner Geo. H. Brown avers that never in his campaign last fall did he say he would save the city of Lowell \$100,000. He elected a commission. "It has been said that I made this statement," said Mr. Brown, "but I never made it. I did say that the department would need \$100,000 more than the revenue in sight to go through the year, and I think that my statement was pretty well backed up by the expert accountants' statement that a deficit of \$80,000 was shown last year. "It has been said that I have received more money this year than has been allowed the street department for years. I want to say that so far as money for permanent improvements is concerned I have no complaint to make. But when it comes to street department work I was left with a very small appropriation, \$1,000 less than was allowed the year that I was mayor, and I figured that things were cut down good and close that year. I cannot use money appropriated for a specific purpose for any purpose other than that for which it was appropriated. Now I am working to have the gate shanty at the railroad crossing street, near the new Y. M. C. A. building, removed across the street and placed on land of the Locks and Canal. As it is at present the gate house is not a very sightly affair and if I succeed in removing it I will have to pay for it out of my street appropriation. Every bit of extra work that is done comes out of that appropriation and it is little wonder that it has grown slim. I may come out in an open letter on this matter in a few days."

NORFOLK, Va., Sept. 3.—Two battleships of the Atlantic fleet are at Tangier sound, Chesapeake bay today for firing tests upon a regulation skeleton mast on the hull of the San Marcos, formerly the battleship Texas. Shells are to be fired so they will explode in the cage mast and determine the stability of the support.

33RD MASS. REGIMENT REUNION

Held in Town Hall in Tewksbury—Nine Comrades Passed Away Since Last Meeting

The 33rd Massachusetts regiment held its annual reunion today in the town hall at Tewksbury and was attended by about 100 members and associate members. The party met in the town hall in Tewksbury Centre about half past eleven o'clock this morning and at 11:30 the business meeting was called. Mr. Phineas P. Trowbridge, president of the association, presided. Secretary Stacy opened the meeting with the reading of the minutes of the last meeting held one year ago in the G. A. R. hall in Lowell. Letters were read, the following comrades who were compelled to remain away because of illness or on account of the great distance: R. C. Mills of Seattle, Dr. Warren of Stoneham, F. W. Bennett of Abingdon, and A. R. Sewall of New York city. Mr. F. B. Shedd of Lowell furnished the roster of the regiment, which were given to the members before the business meeting this morning. The secretary reported the death of nine comrades since the last reunion.

The 33rd Massachusetts regiment was in the hottest of the fight at the battle of Gettysburg, Bull Run, Chancellorsville, Fredericksburg, Lookout Mountain, Missionary Ridge and Atlanta. Together with the Second Massachusetts it was the only Massachusetts regiment which was with Gen. William T. Sherman when he fought his way from Chattanooga to Atlanta and which sang the famous chorus, "From Atlanta to the Sea." Throughout the war it saw constant service and its members were noted for their valor, the regiment having one of the best records of any in the army.

The number of Lowell people who were present at the meeting today was small. At the time of the organizing of the 33rd regiment, in 1861 there were two Lowell companies. There are now about five who are known to be living, out of the 250 who served during the war. At present there are about 160 members of the old 33rd who are still living, out of something like 300 who joined the organization at the time of its founding 50 years ago.

ANNUAL ENCAMPMENT

Of the French American Volunteer Brigade

THE INSPECTION WAS WITNESSED BY LARGE NUMBER

Weather Interfered With Military Parade and Review—Prizes Were Awarded to Best Drilled Co.

(Special correspondence)

FALL RIVER, Mass., Sept. 3.—The sixth annual encampment of the French-American Volunteer Brigade of New England, of which Gardes Frontenac, d'Honneur and Jacques-Cartier of Lowell form a part, came to a close yesterday afternoon with one of the prettiest demonstrations ever held under the auspices of the brigade. The different companies of the brigade were inspected by the officials before an audience of several thousand people from Fall River, New Bedford, Lowell and other places, as well as by all the delegates who are attending the biennial convention of the Union St. Jean Baptiste d'Amerique, which is now being held in Fall River. There was also a military contest, the judges being four officers of the state militia, Gardes d'Honneur of Brockton, Capt. A. J. Manville of Wrentham, and Capt. J. W. Gardes of Manchester won a fine prize which consisted of a cup for discipline and Capt. Philippe Douteau was well complimented for the appearance of his soldiers.

On account of the inclement weather the public parade and military review which had been scheduled for Sunday had to be postponed until yesterday, but they were none the less interesting. At 8 o'clock yesterday morning the members of the brigade attended mass at camp which was celebrated by Rev. Henri de la Chapelle of Boston, chaplain general of the brigade, who also delivered a sermon. At 2 o'clock in the afternoon a new banner was blessed in one of the large halls of Lincoln park, where speeches were in order, among the speakers being Lawyer Henri T. Ledoux of Nashua, president general of the Union St. Jean Baptiste d'Amerique, Secretary, Elie Verina of the same order, Capt. Joseph L. Broux of Fall River and Hercules Beauparlant of Syracuse, N. Y.

The grand military review was the next number on the program, and the prizes were awarded to the following guards: First, Gardes d'Honneur of Brockton, silver medal donated by Mayor Higgins of Fall River; second, Gardes Sacre Coeur, Fall River, medal donated by Congressman McLane. The contest among the independent guards was won by a guard from Rutland, Capt. J. J. Frechette.

The prize for the best appearing regiment was won by the first regiment, Col. Lavesque of Fall River. The judges for the review were Second Lieut. Edward B. Lavoie, C. A. C. of Port Banks; Capt. Walter M. Baker, Adjutant of the First Infantry of Providence, R. I.; Capt. Harcourt M. V. M. Fall River; Lieut. Cyrus H. Stowell, Boston, Mass.; and Capt. Charles F. Mains, Dorchester, Mass. Immediately after the review camp was broken and the guards left for their respective cities.

THE GREAT DEMOCRATIC OUTING

Left to right—Governor Foss, Champ Clark, Humphrey O'Sullivan, Paul Hanagan.

Champ Clark, Governor Foss and Other Leaders the Guests of Humphrey O'Sullivan

The democratic outing at Canobie Lake Saturday proved to be one of the greatest of the kind ever held in New England. At first it was estimated that 3000 people were present but at 4 o'clock in the afternoon it was generally believed that the assembly numbered 4000. It comprised practically all the democratic leaders in the state and many from other states. As hosts of the occasion, Humphrey O'Sullivan of this city, and Paul Hanagan of Lawrence, were everywhere greeted with applause and cheers. Mr. O'Sullivan was frequently referred to as the next congressman from the Fifth district. It is understood that Mr. O'Sullivan furnished the dinner and refreshments while Mr. Hanagan threw open his summer home, "Roseberry Castle," to the democratic legislators.

Prominent in the crowd were: Gov. Fred Williams, Senator Lounsbury, ex-Chairman John P. Fennell of the state committee, Representative Michael J. Brophy of Ward 2, Boston, Charles F. Riordan of the state committee, Major Robert J. Crowley of Lowell, Assistant District Attorney Melrose and Webster, ex-Mayor William Shea of Quincy, Senator James P. Timilty, Adjutant-General Pearson, Frank Richardson of Gloucester, Senator Joseph J. Flynn of Lawrence, Senator Schofield of Ipswich, Representative Pope of Leominster, Mayor

MR. HUMPHREY O'SULLIVAN, Who Gave the Dinner

Scanton of Lawrence, Representative Smith of Gloucester, Chairman John J. Attridge of the Boston city council, Richard W. Irwin, a democratic candidate for district attorney of Middlesex county.

Secretary Michael O'Leary of the state committee had charge of the details of the trip and was a busy man. Congressman Curley and ex-Congressman O'Connell, guests of the dinner, Mr. Curley referred to the democratic house and Mr. O'Connell said that he would do everything in his power to insure the election of a democratic legislature.

Humphrey O'Sullivan as the host of the occasion put a great occasion when he arose to speak. He surprised everybody by the force of his remarks and the confidence of his attitude on every question touched upon. He first showed the great importance of the Fifth district and then pointed out what a big Congressmen could do not only for this district but for all the New England districts. He emphasized Speaker Clark and appealed for loyal and effective work for the democratic ticket in state and nation. He advised the Wilson method of dealing with the tariff by free stages, stating that he is not a free trader although he would have the tariff reduced in the interest of the wage earner and to reduce the cost of living. He then said a wonderful familiarity with the state, its industries, its population, its resources and its resources awaiting development.

Speaker Champ Clark and Governor Foss were greeted with prolonged cheering as they entered the park and both made strong speeches in support of the democratic ticket. The democratic club of Essex, Middlesex, Suffolk and Plymouth were at the picnic early in the afternoon and an appetizing dinner was served when the O'Sullivan dinner came along and they demonstrated that the democratic club is a great appetizer. After a little army of prominent democrats from Lowell and they all seemed to enjoy the occasion immensely. The best potatoes, corn, tomatoes, lettuce, beans and bread would make a feast and in fact, a feast of democracy and the very best of the democratic cause.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't hinder. If your stomach is in a revolt, if sour, fatty and upset, and what you just eat has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and cravate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps the stomach regular and they eat their favorite foods with out fear.

If your stomach doesn't take care of your liberal limit without rebellion, a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's true, wonderful—it digests food and settles things straight, so gently and easily that it is astonishing. Please don't go on and on with a weak, disordered stomach; it's so unnecessary.

by her husband, Christian F., a son, Peter, and one daughter, Mrs. Mary Hansen, of this city.

PISETTE—Henri Pissette, aged 21 years, 10 months, died yesterday at the home of his parents, Eugene and Deshaia, 65 Woodcock avenue. Deceased is survived by his parents, four brothers and six sisters: Napoleon, Alfred, Eugene, Emile, Alexina, Rudina Marie Fabiola, Aurea and Helene.

She is survived by her husband, Abraham Olsen, three sons, Oscar, Olof and Albert Olsen, one daughter, May Olsen, all of this city; two brothers and two sisters in Norway. Her home was at 2 Lyons street. The body was brought to the rooms of Undertaker William H. Saunders in Hurd street.

SAVAGE—Mrs. Mary Savage died at the home of her daughter, Mrs. E. A. Virtue, 105 School street, yesterday afternoon at the age of 87 years and 10 months. She leaves one daughter, Mrs. Emma Virtue, with whom she made her home; four grand-daughters and two grandsons. Mrs. Blanche M. Kelly, Mrs. Alice E. Goodwin, Mrs. Maude S. Callahan of Lowell, Mrs. Fred Kern of Lowell, and Mrs. E. Virtue of Berwick, Cal., Clarence Savage of Providence, R. I., seven great grand-children; also a sister, Mrs. Sarah Perry of North Easton.

CONANT—Mrs. Laura M. Conant, widow of the late J. E. Conant, died yesterday afternoon at the residence of her son, Frederick Conant, 617 Westford street, Lowell, after less than four days' illness from pneumonia. Mrs. Conant buried her husband, Julius E., in August, 1878; her oldest daughter, Maude Baker in December, 1884; her third son, Frank Hersey, U. S. N., in November, 1888. Mrs. Conant is survived by her oldest son, Edmund B., her second son, Frederick, her fourth son, George W., and her second daughter, Mrs. Augusta Conant Way.

MOREY—Frank L. Morey, until five years ago a life-long resident of this city, died suddenly in Bangor, Me., Sunday night. His age was 48 years. He leaves a wife and one daughter, Mrs. Frederick Bailey of this city and Mrs. John G. Rogers of New York city. Mr. Morey was a son of the late William Morey. Five years ago he left Lowell and went to Malden, in the service of the Boston and Maine railroad. He was in Malden on his annual vacation at the time of his death. The body will be brought to this city for burial.

LECTION DAY IN VERMONT

The Party Leaders Are Confident That a Big Vote Will be Cast

WHITE RIVER JUNCTION, Vt., Sept. 3.—A three days' rainstorm was still beating down on both sides of the green mountains of Vermont today when voting began in the first state election in the country previous to the presidential contest in November. As the wind was from the west, however, and as the rain in the early morning was not heavy, party leaders found some consolation in the predictions of a few hillside weather prophets of clear weather by noon.

Just what would be the effect of the weather conditions on the relative vot-

ing strength in any of the five parties involved in the race for governor was a matter of considerable debate. It seemed to be the opinion of the leaders that there would be a falling off in the vote. Other politicians claimed that the interest aroused during the campaign which closed last night would be sufficient to bring the voters to the polls under any weather conditions.

The republicans maintained that there was sufficient party loyalty to elect Allen M. Fletcher governor in the fiercest storm. The progressive managers relied on the steadiness of the followers of the new movement to bring out a substantial vote for Rev. Prager Metzger of Randolph, the party leader, while the democratic leaders were confident of polling the full strength of the party for Marlin H. Howe of St. Johnsbury, especially in the cities. Followers of the prohibition and socialist parties looked for the customary vote for the ticket leaders, Clement Smith of Morrisville, of the former, and Fred W. Suiter of Barre, of the latter.

AMUSEMENT NOTES

The Opera House
 Mme. Sarah Bernhardt in the historic photo-play of events in the life of Queen Elizabeth, was the attraction at the Opera House Saturday, and yesterday, and it drew very large audiences at all performances. The subject is an excellent one and the pictures were so realistic one would imagine he was looking upon the characters in real life. All views were very clear. All the characters of the original production were portrayed excellently and the presentation proved a most pleasing one to all who attended. The cast of characters in the picture was:
 Queen Elizabeth, Mme. Sarah Bernhardt
 The Earl of Essex, Mr. Telford
 The Countess of Nottingham, Mlle. Romatin
 The Earl of Nottingham, M. Maxudian
 Gypsy Fortune Teller, Lord Bacon
 Mmo. Boulanger
 William Shakespeare, M. Deponbourg
 Drake, M. Pilon
 Usher, Courtiers, Soldiers, Attendants.

Trail of the Lonesome Pine
 A new production has met with a most successful success at the Merrimack Square Theatre. "The Trail of the Lonesome Pine" has been in such instant favor with the audience that large theatres in Boston, Chicago and New York have been booked to show the play for weeks. The play is a dramatization of the life of a mountain folk, that left such a pleasing impression on the minds of millions who have followed the little boy, Jimmie, in the pages of Mr. Kenyon's charming book. June has all the qualities to lend realism to one of the most interesting book characters ever put upon the stage. Blood and honor of the South, June is the embodiment of that fierce spirit of the aristocratic denizens of the Southern mountains, a country who remember that somewhere in the past, blood of their blood, went to the soil. June is a girl who holds in the fastnesses of the hills those same old principles of dominion over the land. June is a girl who holds in the fastnesses of the hills those same old principles of dominion over the land. Theatre Voyons
 "Flirt or Heroine," a drama staged by the Theatre Voyons company and acted by the best of their companies, headed by Maurice Costello and Florence Turner, is making a big hit at the Theatre Voyons. It is a novel story of how a flirt turned out to be a real heroine when the test came. "The Five Wives" is a comedy in not only laughable, but it is unique and most pleasurable as well. "Alone in New York," which features Mary Fuller, charms everyone for her sincerity in depicting the peculiar type of a country girl is absolutely true to life.

Academy of Music
 The program for the first three days is a peach. Kearney, Buckley & Cook will keep you in constant laughter. Gillette & Campbell, in their singing, dancing and contortion turn will please you. Miss Gillette in her acrobatic dance is wonderful. Conn Quinn, in musical comedy, is great. Mr. Quinn comes from that famous Quinn family of musicians. The picture program would be hard to beat.

The Playhouse
 The formal opening of The Playhouse (formerly Hathaway theatre), which was planned for Monday, Sept. 2, has been postponed to Sept. 18, because of the sudden illness of Kendal Weston. Mr. Weston underwent a serious operation about two months ago and during his convalescence he overworked himself in attending to the many details preparatory to the opening. He is at present confined at the Lowell hospital, but expects to be able to return to the theatre in a few days.

the winners. All patrons are cordially invited to participate in the feature number. The floor at the hall continues to maintain its superiority over all other dancing surfaces in this vicinity and the music there is just great. On Friday evening, the feature at the hall will be a "money hunt," and this is sure to be one of the most entertaining and enjoyable events ever introduced at the hall.

THE LARGE COAL SHED

Of the New York, New Haven and Hartford Road in Maple Street is Being Torn Down

A large crew of men started to work today tearing down the large coal shed of the New York, New Haven and Hartford railroad company in Maple street. The shed is one of the largest coal elevators in this section, and has been in service for many years. Until the present year, the shed was used exclusively for "coaling up" all the engines, on the New Haven road, running into this city but since the discontinuance of the engine house in the New Haven yard, where the engines were formerly housed, the New Haven road has been using the Boston and Maine roundhouse.

At the latter place the engines are housed and coaled, and hence the old coal pit is not needed.

CLEANSE YOUR LIVER AND BOWELS WITH DELICIOUS "SYRUP OF FIGS"

Removes the sour bile, gases and clogged-up waste, ending headache, indigestion, constipation and biliousness

Foul breath, coated tongue, dull, throbbing headache, stomach sour and full of gases, indigestion, biliousness and a sallow complexion, mean that your thirty feet of bowels are clogged with waste matter; that these drainage organs of the body are obstructed; liver stagnant and stomach full of poisonous gases, sour bile and undigested, fermenting food not properly carried off.

Most of our ills are caused by constipated bowels. We all need a laxative sometimes; nobody can doubt that. The only question is, Which one is the best? and that isn't a question any more. Syrup of Figs, being composed entirely of luscious figs, senna and aromatics, must act in a harmless, gentle and natural way. Syrup of Figs can be constantly used without injury. Its action is the action of fruit—of eating coarse food—of taking exercise. It is a true and effective liver and bowel cleanser and regulator.

Most folks dread physic—they shrink from the taste and after effects. Syrup of Figs is delicious, and, besides, you don't realize you have taken anything until morning when all the clogged-up waste of the system is gently but thoroughly moved on and out of the bowels without griping or weakness. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." This is the old reliable and only genuine. Refuse, with contempt, any other Fig Syrup recommended as good. They are imitations meant to deceive you. Read the label carefully and look for the name California Fig Syrup company.

Announcement

OPENING OF THE COLONIAL GARDENS

The Colonial Gardens at 80 Middlesex street will open today with a full line of the leading brands of Cigars and Tobaccos.

These goods will always be found fresh and of standard quality. In connection with this EMPORIUM will be provided EIGHT tables of OLIVER BRIGGS & SONS' manufacture for the entertainment of GENTLEMEN who enjoy playing POOL under the most FAVORABLE conditions.

The fact that this GARDEN is 100 feet in length by 43 in width and 14 feet in height, that it is provided with 10 inverted arc lights, furnishing 5000 candle of brilliant INCANDESCENTS, that the garden is doubtless the finest for the purpose to be found in New England and that the tables are the highest grade regulation (four foot six inches by nine feet in size), equipped with the famous Briggs electric cushions, should appeal to all who enjoy playing this popular game under the most favorable conditions, and who appreciate courteous treatment and the elimination of everything of an objectionable character.

The management intends that the name "COLONIAL GARDENS" shall be synonymous with refined amusement.

THE SCHOOLS OF DRACUT

Opened Their Doors Today to Receive Pupils

INCREASED ATTENDANCES REPORTED IN EACH INSTITUTION

Great Dissatisfaction Expressed Over the Removal of the Janitor of the Kenwood School

All of the schools in the town of Dracut opened their doors at 8:30 o'clock this morning for the 1912-1913 season, and in each educational institution increased attendances were reported. Particularly large is the increase in the Kenwood section of the town. Here the largest number of pupils in the history of the school assembled there this morning, to begin their studies for the coming term.

There is considerable discussion in the town of Dracut, owing to the removal of Mr. Howland, who for the past few years has been janitor of the Kenwood school. He filled the position in a most creditable manner and was very popular with all those who attended sessions there. While the compensation is not very large, he worked extremely hard and did much more work than he was paid for. Particularly are the pupils and residents dissatisfied with the change.

One citizen of the town informed the writer that the dismissed janitor was discharged because "he didn't stand up with the Independent Republican club."

OLIVE OIL FOR THIN PEOPLE

Thin people as a rule are not strong, and ordinary foods, even when eaten in quantity, do not always build up the body and give strength. If this has been your experience, you should at once become a convert to the use of Pompeian Olive Oil. Two things, this, the purest of olive oils will do for you: first, it is a food and flesh builder. It is easily digested and is an ideal food in itself, especially for invalids and convalescents, and, second, it builds up strength and creates energy. This is due to the fact that it is much easier digested than solid foods.

Pompeian Olive Oil being absolutely pure and from the first pressing of selected, hand-picked, ripe Italian olives, without any chemical treatment or adulteration of any kind, is the best remedy possible for all stomach and gastric troubles. It has a distinctive, sweet, nutty flavor not to be found in other kinds.

Where taken with each meal, either plain or with salad and other foods, it will soon demonstrate to you its wonderfully beneficial results.

If you will use more Pompeian Olive Oil you will soon learn that you can do away with half the other medicines you are using. In itself, it is a food-medicine without an equal.

Pompeian Olive Oil is sold by druggists and grocers. Full one-half pint cans, 25 cents; full pint cans, 50 cents; full quart cans, 90 cents.

THE MOTOR RACES

Continued

chores a short distance off shore near the starting buoy.

The boats were handicapped according to their speed and power and this was determined by having them go over the course some time previous to the regatta.

They were then handicapped according to the time made in this trial and this was all arranged so as to have the finish of the races as close as possible. Should any of the boats finish ahead of their time, which they made previously in the trial, and several did, they were timed twice the time which they executed in their test.

Fast Boats Entered

The fastest boats on the river were entered in the first race. There were in all twelve entries and the course was three laps or twelve miles. The

Knapp and Mr. Horne were seen to come in to the lead. It was evident that Mr. Holmes was having some trouble with his hydroplane for it veered from side to side and lost considerable distance. The first boat to finish was that owned by W. E. Savage but he was ahead of time and was penalized three minutes and four seconds. "Electric," a speed boat, owned by G. W. Horne, was the next to cross the line and was declared the winner. The "Marka Louise," owned by Dr. Knapp, was but a few feet behind and F. E. Holmes finally succeeded in setting his hydroplane across the line, capturing fourth place. The winners and prizes were as follows:

First place, won by G. W. Horne's "Electric"; prize, a silver cup.

Second place, won by W. E. Knapp's "Marka Louise"; prize, a gold bracelet.

Third place, won by Ray Walker's

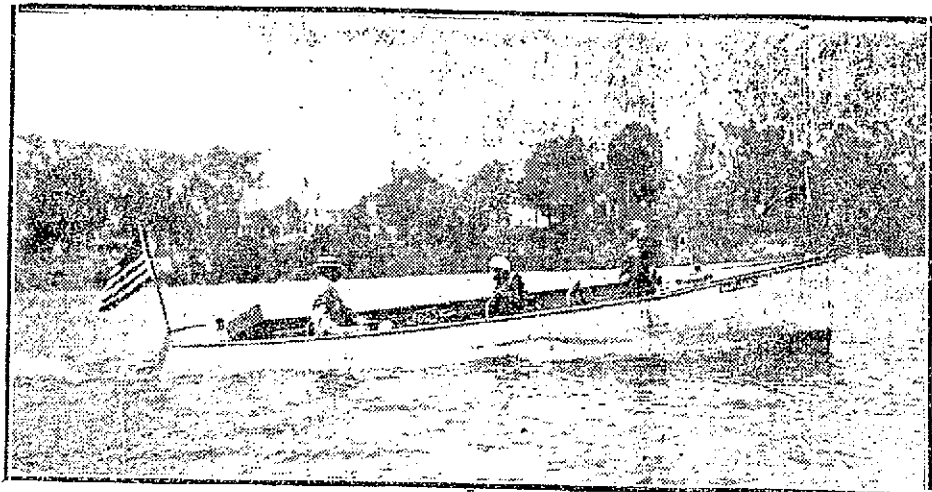

ahead of time that they lost all hope when the amount of their fines was figured. The last boat, a very small and odd looking creature, chug-chugged calmly across the line and the occupant raised one hand from the wheel to bow to the cheers of the spectators, thinking that he was being "kidded" on account of his being last. He found out later, however, that it was no joke and that he was really the winner when he was presented with a handsome silver cup, which was the first prize. Thus it was the faster boats lost the race by coming in too soon.

The Prize Winners

The owner of the large steamboat which crossed the line first said that he was counting on having another lap to go and in this he calculated in losing the time which he was ahead of schedule.

1st place won by H. L. Bradford, prize a silver cup.

2nd place won by H. C. Taft, prize an

DR. WALTER E. KNAPP WINNING FREE-FOR-ALL RACE.

hydroplane in this event ranged from 45 seconds to 42 minutes and 45 seconds, and consequently at the start the race was somewhat after the manner of a handicap. The speed craft of Dr. Knapp, G. W. Horne and F. E. Holmes started together from the starting buoy, the first boat having left nearly 42 minutes before them. The whole interest of the race was centered on these three and many wondered if they could catch up with their speed-overcome the great handicap. The three tore away at the crack of the gun and were seen to race neck and neck until they were out of sight around the first bend. For the first lap or two the boats rounded the buoy in nearly the same order in which they started but it was evident that the faster ones were forging ahead.

At the end of the last lap several came into sight around the bend in the river well grouped together with the scratch boats a little behind, and still fighting it out for superiority. Naturally there formed the center of interest and soon the craft of Dr.

umbrella.

2nd place won by M. A. Butterfield, prize a motorboat searchlight.

3rd place won by Arthur Farmer, prize a derby hat.

4th place won by Mr. De Porcher, prize a safety razor.

The third race in which there were but three entries, was the feature of the afternoon. The fast boats owned by Dr. Knapp and Mr. Horne and the hydroplane of Mr. F. E. Holmes lined up at the start and got away at the crack of the pistol, there being hardly the difference of a foot between them. They tore their way up the river, the hydroplane a little in the lead and throwing the water far out on each side. Dr. Knapp's boat, which is an ordinary pleasure boat, and a displacement craft, sped coolly along ahead and waited for a chance to spring into the lead. When they appeared around the bend on the return of the first lap, all were closely bunched together. Dr. Knapp's boat was in the lead and has the advantage of being able to turn more sharply than the others. As a result she gained a little more when they rounded the starting buoy. Here the other two narrowly escaped having a collision when Dr. Horne turned too short and Mr. Holmes veered into the pole too quickly. But the owners were equal to the occasion and threw themselves out of the course, losing much by this misfortune. Spectators could not ask for a closer or prettier boat race and the finish was one to be remembered.

The boats grouped exactly as they were at the beginning of the second lap. Dr. Knapp was the winner and the boats of Mr. Holmes and Mr. Horne finished in second and third places respectively. The first prize was the handsome commodore's cup, the gift of Commodore J. H. Gamble. The second and third prizes were a sweater and a costly watch fob, the former going to Mr. Holmes and the latter to Mr. Horne.

The race officials were as follows: Starter, A. J. Wick of the Y. M. C. A.; time keepers, George E. Lull and E. L. Hartford; judges, Joseph Dextra, T. J. McDonald and F. A. Sturtevant; regatta committee, Dr. W. E. Knapp, chairman, J. H. Walker, C. H. Peters, Edward A. Jones and C. E. Goulding.

The club officials who assisted on board the judge's boat were as follows: Commodore J. H. Gamble, vice-commodore, Dr. Walter E. Knapp; secretary, George E. Lull; and the club directors, J. H. Walker, H. C. Taft, F. W. Holmes and Willis C. Morse.

MOOSE CARNIVAL WELL ATTENDED

Annual Show, Midway and Other Attractions Afford Enjoyment

Washington park in Middlesex street is the scene of an excellent carnival, midway and general amusement ground this week. The Moose Carnival and Circus having opened yesterday and will be in full swing during the remainder of the week. The former baseball park has been transformed into one of amusement and thousands of people visited the place yesterday despite the fact that the weather was anything but favorable.

One of the features of the affair which reflects much credit on the local manager of the show is the fact that everything on the grounds that has been advertised and there are no failures. Entrance into the park is free, and there are enough of free attractions to entertain people.

The midway is one of the best that has ever been seen in this vicinity, and with a wide variety of games, from checkers and dimes other attractions, one of the shows or for playing the game of chance, and one of the best of the money's worth.

Wild Animal Show

One of the main events of the carnival is the performance of the Wild Animal Show, said to be the largest of its kind in the world. This was originally Dr. Knapp's Wild Animal Show, and the nature of the exhibition is well known to many Lowell people. The only thing that makes it new is that it is now under the management of Capt. Gado and his bi-hundred and fifty African lions. They are very tame and the different animals which are put through demonstrations of this kind have been quite considerable time in teaching the animals.

Capt. Gado and his bi-hundred and fifty African lions are good and Capt. Ricardo keeps the audience moved up to which pitch when he appears with his last Indian lions and jaguars.

One of the best shows on the grounds is the performance of the African lions. This act is well worth the price of admission alone. Among the lions is "Black Prince," the most terrible lion in captivity.

On the Midway

As one enters from the Middlesex street entrance he is attracted to the different stands, places of amusement and games of chance on the midway. The "dart wheel" is the first on the left and for one time you can throw a small dart into a hole at a colored board on which there are a series of numbers containing numbers. On another board are prizes which correspond with the colored board and all kinds of amusing prizes are hung up.

Next you move along and for a nickel you can play a game of chance and have a chance to ring the gong. Next comes

JAMES W. MCKENNA, Chairman of Committee on Arrangements

corn and candy factory and as you keep moving along there is a doll rack and for half a dime you receive three dolls and have a chance to try your skill at knocking down the dolls.

Next is the booth where there is a plate game. For ten cents you receive a plate and if you are a child and a number you receive a prize.

The old-fashioned country show and shooting gallery are next in order.

The wonderful real python is one of the attractions on the midway. This snake, which is considered the largest in the world, occupies a prominent place in a large booth.

Then there is Mimi, a young woman who does not deny that she is 31 years

of age. She weighs, according to her own statement, 367½ pounds.

Next for the "Greatest Diving Girls" with May Collier, Ella Holland, Esther Donahue, Reenie Hardy and Ella Wahlberg as the entertainers. They give an excellent exhibition of diving in a large tank of water. Harry Six, the reputed "diver of the world," gives a free exhibition each afternoon and evening. He dives from a height of 125 feet into a tank of water four feet deep, nine feet wide and 14 feet long.

The Hippodrome introduces one of the really first class dog, pony and cat shows. The program includes a performance by Tomita, one of the world's greatest and cleverest entertainers. "The Blue Maids," the kicking donkeys, provides a laugh every second from the time he is introduced until he is taken off. The management offers a prize of \$1 to the animal, the woman who can ride the horse, 60 seconds will be given \$5 in gold, and to the old maid or school teacher will be presented \$11.98.

"Tiny Tiny Mite" is advertised as

the smallest living horse in the world. Tiny is a Philippine mountain horse, standing 13 inches in height and weighing just 19 pounds.

Another interesting place is known as "Mysterious Egypt," where there is plenty of entertainment and diversion. Among the other attractions on the grounds are the merry-go-round, the ocean wave and Ferris wheel, the Sapho Trip and other marvelous things.

The local committee in charge consists of the following members of Lowell Order of Moose: James W. McKenna, chairman; Robert Jones, secretary; Michael A. Lee, Chandler; B. Judd, Jesse B. Cook and Hector Turnbull.

With every count of the ballots the interest in the voting for the queen of the carnival increases and the several young ladies are working hard to secure the votes of their friends, which will jump them into a winning place upon the list of candidates. The count made yesterday demonstrated the popularity of the affair, the winners of the special complimentary season pass for the carnival shows. The correct count of votes as issued by the contest committee last night is as follows: Miss Kenney, 100; Miss Rose, 95; Miss Alice Baskley, 94; Miss Rose, 93; Miss Beatrice Lavigne, 92; Miss Rose, 91; Miss Alice Baskley, 90; Miss Rose, 89; Miss Elizabeth Hennessy, 88; Miss Rose, 87; Miss Alice Baskley, 86; Miss Rose, 85; Miss Alice Baskley, 84; Miss Rose, 83; Miss Alice Baskley, 82; Miss Rose, 81; Miss Alice Baskley, 80; Miss Rose, 79; Miss Alice Baskley, 78; Miss Rose, 77; Miss Alice Baskley, 76; Miss Rose, 75; Miss Alice Baskley, 74; Miss Rose, 73; Miss Alice Baskley, 72; Miss Rose, 71; Miss Alice Baskley, 70; Miss Rose, 69; Miss Alice Baskley, 68; Miss Rose, 67; Miss Alice Baskley, 66; Miss Rose, 65; Miss Alice Baskley, 64; Miss Rose, 63; Miss Alice Baskley, 62; Miss Rose, 61; Miss Alice Baskley, 60; Miss Rose, 59; Miss Alice Baskley, 58; Miss Rose, 57; Miss Alice Baskley, 56; Miss Rose, 55; Miss Alice Baskley, 54; Miss Rose, 53; Miss Alice Baskley, 52; Miss Rose, 51; Miss Alice Baskley, 50; Miss Rose, 49; Miss Alice Baskley, 48; Miss Rose, 47; Miss Alice Baskley, 46; Miss Rose, 45; Miss Alice Baskley, 44; Miss Rose, 43; Miss Alice Baskley, 42; Miss Rose, 41; Miss Alice Baskley, 40; Miss Rose, 39; Miss Alice Baskley, 38; Miss Rose, 37; Miss Alice Baskley, 36; Miss Rose, 35; Miss Alice Baskley, 34; Miss Rose, 33; Miss Alice Baskley, 32; Miss Rose, 31; Miss Alice Baskley, 30; Miss Rose, 29; Miss Alice Baskley, 28; Miss Rose, 27; Miss Alice Baskley, 26; Miss Rose, 25; Miss Alice Baskley, 24; Miss Rose, 23; Miss Alice Baskley, 22; Miss Rose, 21; Miss Alice Baskley, 20; Miss Rose, 19; Miss Alice Baskley, 18; Miss Rose, 17; Miss Alice Baskley, 16; Miss Rose, 15; Miss Alice Baskley, 14; Miss Rose, 13; Miss Alice Baskley, 12; Miss Rose, 11; Miss Alice Baskley, 10; Miss Rose, 9; Miss Alice Baskley, 8; Miss Rose, 7; Miss Alice Baskley, 6; Miss Rose, 5; Miss Alice Baskley, 4; Miss Rose, 3; Miss Alice Baskley, 2; Miss Rose, 1; Miss Alice Baskley, 0.

U. S. BUNTING CLUB FIELD DAY

Fine List of Sports and a Very Large Attendance

The annual field day of the Bunting club was held last Saturday afternoon, and was attended by more than 1000 people. The affair was a decided success, and the Buntings deserve great credit for their good work in the interest of clean sport, for they have done a great deal for Lowell in this regard and perhaps their efforts in the past have been too little appreciated. The number of the spectators is an evidence that the people of Lowell are awaking to the fact that they have a good, live organization whose aim it is to make clean sport and true sportsmanship their standard. There were several noted guests of honor at the field day, and among them were Hon. Joseph Walker, former speaker in the house of representatives; John Jacob Rogers, Alonzo G. Walsh, Mayor James O'Donnell, Alderman James Donnelly, Hon. Joseph Hibbard and Charles Varnum.

Announcer Capt. Walter R. Jones, called time for the sports at 2:30 o'clock and the events were immediately begun. Only three teams entered the football tournament to compete for the medals which Humphrey O'Sullivan had given for the winners, and this fact caused some disappointment for it was expected that at least two or six teams would enter. In the first heat, the Manchester Blues defeated the Buntings, having scored two goals to their credit. They then lined up against the Lawrence team and finally defeated the latter and winning the competition by a score of three to two. The boxing on the green began at half past three and was not ended until nearly seven o'clock. The winner was John Jackson, one of the best boxers in this city.

The fat men's race was a decided feature of the day and created no end of laughter and fun. The winners of this event were Bert Plaisted and Swanson. Hon. Joseph Walker presented the winners with their prizes after the events were over and in a short speech congratulated the club on its past work and expressed wishes for their success in the future.

Summary of the events:

Women's race—Won by Mrs. C. Morton; Mrs. Frank Ravensley, second; Miss M. Rogers, third.

Married women's race—Won by Mrs. Thomas Wilde; Mrs. Frank Ravensley, second.

Girls' race—Won by Miss G. Shaw; Miss L. Brooks, second; Miss H. Hayes, third.

WILSON ATTACKS COL. ROOSEVELT

He Says His Policy of Governmental Regulations is Wrong
—He Got Great Reception

BUFFALO, Sept. 3.—Gov. Woodrow Wilson struck a vigorous campaign halt yesterday. He whirled through the city in an automobile, delivered six speeches, met every variety of demonstration among the Western New York leaders and voiced for the first time warm sympathy for the social reforms proposed in the progressive party platform, but dissented emphatically from the program of action by which they might be carried out.

It was by far his most extended utterance of the campaign upon the principles of the Roosevelt candidacy and the crowds showed their approval of the governor's argument by frequent interruptions of cheers.

From the moment the governor arrived, his reception was practically continuous till late last night, when he left for Trenton. Rain did not prevent a big crowd from thronging the streets from the station to a hotel where Norman E. Black, ex-national chairman, had arranged a citizens reception, which was followed by a luncheon.

Mayor Louis W. Fuhrman, a democrat, welcomed the governor and furnished him with a mounted escort. At the luncheon for the governor, republicans and progressive republicans alike were present. Chauncey J. Hamilton, manager of the progressive party in Erie county, attended, as did some prominent Taft men. This occasion was a civic welcome for a distinguished candidate rather than for a political candidate.

Speaks Nearly Two Hours

At Braun's park the governor delivered his main speech of the day to a gathering under the auspices of the United Trades and Labor Council. He attacked the third party platform in a speech that was nearly two hours long. The governor drew first applause when he declared he "would not consent to give an office in order to accomplish a political end." He soon launched into his criticism of the third party platform.

"I shall be scrupulous to be fair,"

said the governor, "to those with whom I am in opposition; because there is a good deal to be said for the program of hopeful men who intend to do things, even if they have not struck upon the right way to do them, and we ought not to divorce ourselves from sympathy with men who want to do the right thing simply because we do not think they have found the right way to do it."

Sympathy With Reforms

Speaking of the program of social betterment as outlined in the third party platform, the governor continued:

"With that program, who can differ in his heart, who can divorce himself in sympathy from the great object of advancing the interests of human beings wherever it is possible to advance them? But there is a central method, a central purpose in that platform from which I very seriously dissent."

"I am a democrat, as distinguished from a republican, because I believe, and I think that it is generally believed, that the leaders of the republican party—have allowed themselves to become so tied up in alliances with special interests that they are not free to serve all."

"What is the program of the third party with regard to the disengagement of the government? Mr. Roosevelt has said—and up to a certain point I sympathize with him—that he does not object, for example, to the system of protection, except in this circumstance, that it has not been to the benefit of the workingmen of this country."

"It is very interesting to have him admit that, because the leaders of the republican party have been time out of mind putting this tariff upon you men that the protective policy was for your sake. I would like to know what you ever got out of it that you did not get out of it by the effort of organized labor."

The Tariff Question

"Intelligent workingmen will ask the men now seeking their votes what they may be expected to do for them. I do

The complaint was signed by Food Commissioner Bailey, who is determined to stop the practice of substituting cheap brands of goods for another without notification of the substitution being given. — Oregon Sunday Journal, Portland, Oregon.

"Others are Imitations"

not mean for them separately, but what they may be expected to do for the country which will entitle them to the confidence of those who perform the daily labor which lies at the basis of all our life.

"Most of the answers they get will turn up on the question of tariff duties, from which our politics never seem able to get away. On the one hand, they will be told that if the democratic party gets into power they may look to see industry languish and wages go down, and employment become harder and harder to find."

"These uncomfortable predictions come both from the old line republicans and from those republicans of the new departure who are seeking to build up a third party of their own."

ANNUAL OUTING

Local 49 of the Carpenters' Union held at Wamesit yesterday.
Local 49 of the Carpenters' union held their annual outing at Wamesit

yesterday. The affair was held on Tyrrell's grounds, Wamesit, and despite the threatening weather was largely attended.

There were many out-of-town guests present, among them being State Organizer William Shields of Boston. The program consisted of a ball game between the painters and the carpenters and athletic events of all sorts as well as a good dinner.

Shortly after 10 o'clock the crowd gathered on the grounds and baseball was the first number on the program. The game which resulted in a tie was very interesting from start to finish. There were sporting events of all descriptions and the program concluded with a tug-of-war contest among the members of the union.

The committee in charge of the affair consisted of the following: Andrew Tyrrell, chairman; William Handley, Frank Creamer, John Hillman, Bernard Golden, Louis Daniels, F. R. Webster, John Farrell, Joseph Sears and M. A. Lee.

LABOR DAY SERVICES

Moved From Common to Hall Because of Rain

Because of the rain the Labor Day services planned for the South common Sunday afternoon were held in the hall of the Mathew Temperance Institute in Dutton street.

Rev. J. T. Carlyon, pastor of the Centralville M. E. church, presided. Rev. Mr. Carlyon, in his introductory note, said that much of the labor trouble nowadays is the direct result of misunderstanding between capital and labor. The church, he said, had come to realize that it must make the struggles of labor its own, and he urged that church and labor union combine. He felt that the church had perhaps laid too great stress upon the moral, mental and physical man, at

the same time neglecting his material side. That the material side affects very decidedly the mental, moral and spiritual parts of man could not be doubted, and for that reason the church should and had done so in many instances—make the cause of labor a common one.

Rev. James M. Crute, pastor of the First Presbyterian church, said that all men should try to bring their work up to the standard and that standard was always measured by integrity. Honest labor should be invariably given by laboring men, and honesty of policy in dealing with union men should invariably characterize employers of labor. When both sides applied the test of rigid integrity, labor troubles would cease, he felt.

William E. Sproule, president of carmen's union, made an appeal for all laboring men to join trade's unions. He said that union labor is fighting for better laws and that loyal men are bound to benefit by better laws yet are not willing to put their shoulders to the wheel. He said that the American Federation of Labor is the one organization which is putting up the staunchest battle. Men could not be expected to develop mentally and spiritually unless more time were given them in which to develop, and that was one of the reasons shorter hours of labor are advocated, he said.

The last speaker of the afternoon was Rev. John T. Ullom, pastor of the Lawrence Street Primitive Methodist church, who some years ago was a bricklayer and who was a member of that union in Lawrence and New Bedford. Mr. Ullom said that while he still a laboring man he would affiliate with a union. He urged caution to laboring men, and said that they should aim to abide by the law and to recognize the demands of the moral code.

LAWRENCE TRIMS LOWELL TWICE

Vanishing Lowell's Chances for Pennant—Largest Crowd on Record Saw the Games

The largest crowd that ever attended a New England league game was on hand at Spaulding park yesterday afternoon, to witness the "pale" or "white" of the Lowell team, and while a good ball game was played, the contest was not the kind that the great majority of the fans wanted. The stands were packed to their capacity, the grounds were blacked handsomely, and there was a fence, the top of the grand stand was also crowded, and the hungry fans were pulling hard for the boards to turn the tables for the terrible beating they received in the morning at Lawrence. Who ever was in the grand stand, the fans went wild and those on the top of the stand danced and cheered, but to the comfort of the "pale" they got a great many chances, for the five times that Lowell did show class the noise from the South Lowell explosion.

But the real story of the defeat is that Lowell was completely outclassed, and their total of two hits of four, which came in the first and fourth innings, tells the story of the game. Lawrence, who was very fortunate to escape a whitewashing.

The double victory for Lawrence makes Lowell's chances for the pennant about as good as dead. The Lawrence players are swallowed up in some kind of a flood they will win the 1912 day with ease. After their playing of yesterday, they certainly deserve to take the banner, for in both contests they showed marked superiority over the local players.

In passing the pitching of Hoff deserves commendation. His work was superior to any seen on the local park this season, and he should have been credited with a shutout. He allowed but two hits, struck out nine, threw a save but one base on balls, which is some pitching. The feature of his great work was the remarkable ease with which he worked. Never did he get excited, and after the loss of the game, a Lowell man saw him last night, and he faced the cheeriest port side in the last five seasons, and only if came to the plate in the entire nine innings. His exhibition play, his as a candidate for the best pitcher in the league.

Lawrence was well represented in the "biggest crowd on record," there being about 1500 in the bunch of over 3000, and they certainly were a happy party when the game was over. They came here on special cars, and they returned the same way. All the way in they cheered their heads off, and while they were waiting for orders from the station in the square they did not wait. They were sure to have a good time, and should be proud of their team, especially their pitcher. The following will explain how Lowell was completely crushed out of the running.

Carlstrom went out. Miller to Halstein. Cargio, who was in the box, took a lead off first and went out. Wolfgang to Halstein.

In Lowell's first inning, Cargio opened with a two-bagger to left and went to third on Mager's sacrifice. DeGroff hit on a sacrifice to Hoff, who threw to Slattery, and the latter dropped the ball and Hoff took a lead off second and was thrown out. Hoff then to Cargio, Halstein struck out, and Hoff dropped the ball, struck out, and Hoff hit Hoff.

Lawrence opened with a double to left, and he took third on Mager's sacrifice. Hoff then to Cargio, Halstein struck out, and Hoff dropped the ball, struck out, and Hoff hit Hoff.

to right and stole second. Cargio batted a hot one through McGamwell and Carlstrom came out the way home. Slattery went out on a grounder, and Cargio scored the second run of the inning on a single by Lyster.

Lowell broke into the scoring in the third. Clemens went out on a grounder, and Jimmy Mager made his second two-bagger of the game, the ball going to the crowd in right center. DeGroff singled to left and Mager came home with Lowell's first run. McGamwell struck out. Miller was hit by a pitched ball and took first. Boutles singled to left and DeGroff came home with run number two. Boutles stole second, but the rally was all over when DeGroff went out on a grounder.

In the latter half of the inning, Briggs walked and he took second on Kennedy's sacrifice. Lynch singled to right and Briggs scored and Mike took second on the throw to the plate. Ulrich batted to left and Lynch scored. Maybourn was sent to the firing line at this point of the game, and everything went along at the same rate, until the fifth when Lyster walked, and Briggs was hit and both came home on a double by Ulrich.

In the seventh, McGamwell batted the ball over the fence for a home run and that represented Lowell's scoring in the morning "battle".

In the eighth, after Ulrich walked, Keating did the same thing that he pulled the ball over the fence on the first sack. What? Oh! he only put the ball over the boards for a home run, scoring the last runs of the game.

JOE JEANNETTE GIVEN A SURPRISE

Colored Heavyweight Was Outpointed by Jeff Clarke—Several Interesting Bouts.

PITTSBURGH, Penn., Sept. 2.—Big Joe Jeannette of Hoboken, claimant for the world's heavyweight championship on the strength of Jack Johnson's retirement, was given the surprise of his life yesterday, when Jeff Clarke of Joplin, Mo., decisively outpointed him in a six-round encounter.

While no decision was given, it was the consensus of opinion that Clarke had a shade.

Jeannette was heavier than Clarke by 40 pounds, but was easily held off. Clarke was a revelation, his speed and ability to cover up closely at critical stages utterly baffling Jeannette's attempts for a knockdown. In the clinches Clarke easily blocked his opponent's short, ripping blows.

Several times Jeannette swung his right and left at the jaw, but Clarke easily danced out of the way of danger. Jeannette landed only one clean blow in the six rounds. In the second round he put his left foot forcibly to the nose drawing blood. Clarke had all the better of the fourth and sixth rounds, while in the other rounds the honors were even.

JOE SHERMAN BOXED A DRAW WITH HARRY TRENDALL AT MEMPHIS

MEMPHIS, Sept. 2.—Joe Sherman, Frank Roggio's "dark horse" find, again surprised his followers yesterday afternoon when he fought eight rounds to a draw with Harry Trendall of St. Louis, before the Southern A. C. Sherman recently scored a decision over Young Saylor, but notwithstanding he was an even money choice over Trendall.

Trendall stripped in none too good condition and was regarded lucky to secure a draw after Sherman had scored the fight for seven rounds. Harry Robinson of St. Paul gained an 8-round decision over George Kitson at the Garden A. C.

NEW BEDFORD, Sept. 2.—When it was announced that Dave Desher, who was scheduled to box Young McDonough of Manchester before the New Bedford A. C. this afternoon, had sent regrets, Joe Farren of South Boston was put on as a substitute and more than filled the bill.

Farren was not known here and McDonough, who is a favorite in New Bedford, was picked for an easy victory, but Farren's lightning jabbing, unrelenting body blows, and his session with two terrific right-hand smashes to the stomach that made McDonough wince. Again in the second he outboxed his opponent.

The Manchester youth made the fouled so the decision was given in pace fast up to the sixth and appeared Stevens in the fourth.

EDDIE NEARING FORCED TO QUIT IN BOUT WITH CHRISTY YESTERDAY

DUBUQUE, Sept. 2.—Eddie Nearing and Gus Christy, both of Chicago, were pitted against each other here yesterday, in a scheduled 10-round bout.

Nearing showed the more science but Christy was slightly the heavier. Nearing was forced to throw up the sponge in the fifth after being badly punished in the last two rounds.

George Stevens of Milwaukee and Young Nelson of Chicago were scheduled to go 10 rounds. They were evenly matched and the go promised to be a good one, but Nelson repeatedly fouled so the decision was given in pace fast up to the sixth and appeared Stevens in the fourth.

THE MANCHESTER YOUTH MADE THE FOULED SO THE DECISION WAS GIVEN IN PACE FAST UP TO THE SIXTH AND APPEARED STEVENS IN THE FOURTH.

RED SOX WON THE BOTH GAMES

From New York on Polo Grounds Yesterday—Took First 2 to 1 and 1 to 0

NEW YORK, Sept. 3.—Boston took a double-header from New York yesterday on the Polo grounds, the home of the New York Nationals, by the score of 2 to 1 and 1 to 0.

Boston won the first game in the eighth inning when Yuckes scored Hooper with a triple and Ford let the New Yorks to two hits in this game, one of these being a gift when Hooper slipped in the mud going after Harrell's fly.

The second game was also a pitcher's battle, in which Joe Wood won the decision over George McGamwell. It was Wood's 14th straight victory. Boston scored the only run of the game in the first inning, when Hooper singled and McGamwell threw wild to catch him napping. He went to third on Yuckes' sacrifice and scored on Speaker's sacrifice fly. New York had three on the bases in the ninth inning but Wood struck out McGamwell for the third out. Both games were played in a drizzling rain. The scores:

Boston 2 0 0 0 0 0 0 0 0 1
New York 0 0 0 0 0 0 0 0 0 0

THOMAS F. KEARNEY LOSES A LEG

He Was Injured in an Automobile Accident Near the Wamesit Station

Thomas F. Kearney of Dorchester, a former policeman and building inspector of Boston and old time champion broad jumper, is in St. John's hospital, in a critical condition, with his right leg amputated above the ankle as a result of an automobile accident near the Wamesit railroad station shortly before noon Sunday.

There were two other men and three women in the car and the two men were slightly injured, while one woman, giving the names of Bent and Allen, was also taken to the hospital, suffering from shock.

Little is known about the cause of the accident, as the occupants of the machine refused to talk about the matter. It is said, however, that the automobile was caused by one of the women in the party losing control of the big touring car.

The woman who was driving said she lost control of the car when she attempted to turn out for a machine coming from Lowell. In swinging wide the wheels hit deep sand and the car slewed into a street railway pole.

Kearney's severe injuries were received while attempting to save the lives of the party. He, it is said, had been sitting beside the woman at the wheel and had cautioned her against high speed, telling her to slow down when the approaching automobile was seen. Instead the woman, who it is believed was inexperienced, pushed the lever the wrong way and the large touring car shot ahead. Kearney, realizing the danger, attempted to get control of the car and swung himself back of the driver's seat onto the running board on the right side of the machine grabbing the steering wheel.

His right leg, which was extended from the side of the car, was swept along the fence and was crushed between the car and the pole.

The fact that the car was brought to a stop by the pole was all that saved the other members of the party, for the machine would have plunged into a meadow 10 feet below.

The wire fence, which was badly tipped and the wooden supports were dashed down the embankment by the car.

Kearney's leg amputated. It was but a few minutes when Thomas F. Kearney came along in his auto, returning to Lowell from Tewksbury Centre. Kearney was tenderly

placed in Kelley's machine, after which the three women and two men also got into the machine.

Kearney drove first to St. John's hospital, where surgeons took charge of the injured man. Kearney was unconscious and it was not until late in the afternoon that he revived. By that time Dr. McCarthy, house surgeon, had decided that amputation was necessary and this was done.

Of Kearney's two companions who were taken to the hospital by Thomas Kelley, all left quickly except the young woman who gave the names of Bent and Allen. She was suffering from shock. On being questioned she refused to furnish any information about herself or her companions and declined to tell the names of any of them.

His Valuables Returned. Two of the party went to the Waverly hotel and registered as Mr. and Mrs. Joseph J. Taylor. After dinner they stated that they were going to Boston. Before leaving town two of the men went to Geo. R. Dana's garage on East Merrimack street and arranged to have the damaged touring car, numbered 0234C, brought back to Lowell for repairs. The touring car was shipped off and the car was broken up. A peculiar feature was that about 5 o'clock in the afternoon a man and a woman appeared at the offices of the Postal Telegraph company and asked for a messenger to go to St. John's hospital. They said that Thomas F. Kearney, who had been injured in the automobile accident, gave into their care \$18 in bank bills, a gold watch and a diamond ring.

They desired to have the property returned to Mr. Kearney. The manager gave a receipt and the valuables were sent to the hospital, where they were taken charge of by the sister superior.

According to the Massachusetts registration 0234C belongs to the Edgewood street garage, 7 Edgewood street, Dorchester, but inquiry at that place brought forth information to the effect that the machine did not leave that garage Sunday morning, but was taken from another Boston garage.

It was stated at the hospital today that Mr. Kearney is resting comfortably and his condition is much improved.

TODAY'S STOCK MARKET

WEAK AT CLOSE

PRICES FIRMED UP LAST HOUR OF THE MARKET

They Dropped to Lowest Level of the Day—There Was an Advance in Call Loan—Other Features of the Trading.

NEW YORK, Sept. 3.—Coppers constituted the feature of greatest interest in the opening of today's stock market. Utah was up a point with a substantial fractional gain in China. American Loco and Pittsburgh C. C. Mass. Lead declined a point with less severe losses in Union Pacific and Lehigh.

Increased buying of obscure specialties tended to stimulate the leaders, most of which exhibited a dragging tendency.

On steady liquidation practically the entire list recorded lower prices in the late afternoon with special pressure on Can. Pac., U. P. Steel and the Anthracite shares.

The reaction of higher iron-ore conditional freight rates by the interstate commerce commission and last Saturday's favorable bank statement were among the several factors or developments offered in explanation of the weakness which followed the tri-bull day in the market. Trading was even duller than in the preceding weeks and no less professional Canadian Pacific was weakest of the railroads, declining over four points while Union Pacific, Northern Pacific, Reading and a few other active issues included a point or more.

Small recovers followed the termination of the forenoon selling movement, but business dwindled on the rise.

The market closed weak. Prices edged slowly in the last hour to the lowest level of the day. The decline was accompanied by an advance in call loans to 4 1/2 per cent, the highest since last April.

CONFERENCE IN ELIOT CHURCH

More Than 800 at the Swedish Congregational Conference

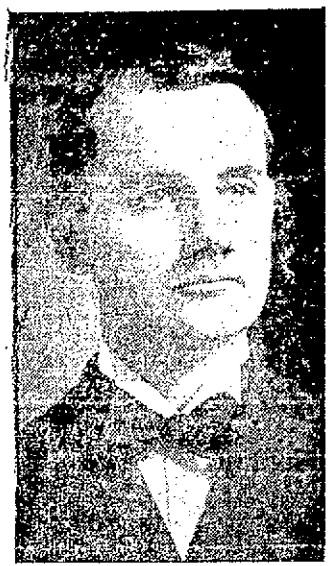

The young people's societies of 19 Swedish Congregational churches in Massachusetts and New Hampshire held their annual church meeting; in Eliot Congregational church, this city, yesterday. Despite the inclement weather, the attendance passed the 800 mark. Inasmuch as this was the first meeting of its kind in Lowell, the members of the local society made unusual preparations for the reception of their fellow brethren.

The meeting was devoted wholly to religious services. The morning service opened at 10 o'clock with a brief address of welcome by Rev. John Elmen, pastor of the local Swedish Congregational church. The response was given by Rev. Gerhard Palmgren of Quincy, president of the state's societies. This was followed by Scripture reading and prayer by Rev. Oscar Eide of Alford, Mass.

Excellent music was rendered by the Landall male quartet, composed of four brothers of Cambridge, this being followed by singing by the entire congregation. The principal sermon of the day was given by Rev. C. B. Bowman of Boston and formerly of Minneapolis, Minn., who spoke in the Swedish language on "Christian Progress." The Landall quartet again sang, and this number was followed by the taking up of an offering for the benefit of the Swedish Saviors and Emigrants Home in Boston. Rev. Carl Peterson of Mandan spoke on "Christian Development," and the morning service closed with the singing of a hymn by the congregation.

At noon the delegates present partook of a hearty meal which was served by the Young People's societies of the local church. The afternoon service was opened by Rev. A. G. Lund of Beverly with Scripture reading and prayer.

Albert Wilson of Cambridge gave a solo, following which Rev. Gustaf A. Anderson of Manchester, N. H., preached an earnest, forceful sermon. Another offering for the Saviors' home was taken. The last sermon was given by Rev. Gustaf A. Quarnstrom of Everett. He spoke on "Evangelism." The session closed with singing by the congregation and by prayer.

NAVY WILL SOON HAVE THE SITUATION IN HAND

Minister Weitzel Says People Are Practically Without Food—General Means Violates Truce.

WASHINGTON, Sept. 3.—A gradual improvement in conditions in Nicaragua is indicated by cablegrams to the navy department today from Admiral Sutherland. It is believed the navy soon will have the situation well in hand as far as the control of lines of communication between Managua and Corinto is concerned. Admiral Sutherland makes no mention of the reported killing of two marines by rebels at Managua.

Despatches from Minister Weitzel, however, represented conditions growing worse in the vicinity of Granada. The minister's despatch confirms press reports of the serious lack of food supplies, practically without food supplies.

General Menes' violation of the truce which had been arranged through the intervention of the United States, President Diaz, that he has refused to enter into another armistice. The Carthage peace commission has abandoned its efforts and returned to Costa Rica.

VIENNA, Sept. 3.—Emperor Francis Joseph, who recently celebrated his 82d birthday, is the oldest reigning monarch in Europe. The emperor rarely appears in public nowadays, but those who are privileged to see him frequently are surprised to find him stalwart and hearty. He is in perfect health and attributes this condition to the fact that he has never been given to dissipation.

Gov. Wilson Pleased
NEW YORK, Sept. 3.—Greatly pleased and satisfied with his reception in western New York, Gov. Wilson returned to New York early today from his tour of inspection to Trenton to transact state business.

The governor said today that he regarded his speeches in Buffalo as "settling the state for the campaign." He was pleased, he said, with the manner in which the crowds applauded his speech analyzing the third party platform.

ALBUQUERQUE, N. M., Sept. 2.—Solomon Luna was found dead in a sheep dipping vat on his ranch, 75 miles from Magdalena, N. M. There is considerable mystery in his death, as there is no known cause for his suicide. Luna was known as the greatest sheep

ranchman in the world. He was president of the Albuquerque Bank of America. For 16 years he was national republican committeeman for New Mexico. Mr. Luna was a graduate of St. Louis (Roman Catholic) university. He refused to accept a United States senatorship from the first New Mexico legislature a few months ago. He was of Spanish parentage and was born in Las Vegas, N. M., Oct. 18, 1858. He was married in 1882 to Miss Adelaide Otero, but had no children.

\$15,000 Aeroplane
CHICAGO, Sept. 3.—Alterations on the \$15,000 Chicago Defender aeroplane, designed to represent America in the Gordon Bennett world's championship race have been completed and trials of the machine will be made today or tomorrow. At the trials it will probably be definitely determined whether the machine which was built to make 125 miles an hour will participate in the race.

Julius Vedrine, Maurice Prevost and Andre Frie, composing the French team, which will try to lift the prize cup, are expected to arrive here today.

BECKER WILL BE TRIED SEPT. 12

Supreme Court Justice Goff Will Preside—Becker Refused to Plead

NEW YORK, Sept. 3.—The trial of Police Lieutenant Charles Becker on an indictment charging him with murder of the gambler Herman Rosenthal will be held in New York city beginning Thursday, Sept. 12, before Supreme Court Justice Goff, appointed by Gov. Dix to make a "judicial investigation" into all the ramifications of the Rosenthal murder. The date was fixed today after the case had been transferred from the court of general sessions to the extraordinary term of the supreme court, Justice Goff presiding. No date was set for the trial of the six others indicted with Becker. Becker was arraigned for pleading but on the advice of counsel he refused to plead. A technical plea of not guilty was thereupon entered for him by the court.

John F. McIntyre, counsel for Becker, fought hard for a delay but Goff overruled all the motions. District Attorney Whitman began the examination of a panel of 50 men from which will be chosen the grand jury to which any evidence obtained at the John Doe proceedings will be submitted. As Supreme Court Justice Goff will preside at this inquiry it will probably not get under way until Becker's case has been disposed of.

EYE WITNESSES TO MURDER OF ROSENTHAL FOLLOWED BY DETECTIVES

LIVERPOOL, Sept. 3.—Thomas Campe, formerly night clerk in the Elks club in New York and an eye witness to the murder of Herman Rosenthal, was met by detectives when the steamship Lusitania docked here today. He was not placed under arrest, but was accompanied to a hotel, where he refused to make any statement until he had consulted with friends. Two local detectives met Campe as he left the steamer and informed him that District Attorney Whitman of New York wanted him to return as a witness for the trial of Police Lieutenant Becker. He willingly accompanied them to a police station where a consultation was held, then went to a hotel.

THE MERRIMACK RIVER

We are somewhat surprised at our neighbor, the Courier-Citizen, attempting to discourage the movement to make the Merrimack river navigable on the ground that the flow of water is inadequate and that the cost of the undertaking would be out of proportion to the benefits to be derived therefrom. We would respectfully refer our neighbor to the surveys and reports upon the project made at various times from 1872 until the report of Colonel Burr a few years ago. None of the engineers reported the scheme impracticable or even doubtful. They were all of the opinion that it is quite feasible. Nor did the engineers report that the cost would "stagger humanity." The sum of \$2,000,000 or less would go far towards its completion and the federal government has often spent twice that amount upon rivers not nearly so important.

Colonel Burr's report was adverse to the project to make the river navigable between Lawrence and Lowell at that time, but he favored the improvement between Lawrence and Haverhill where the chief difficulties are encountered. The river between Lawrence and this city could be much more easily made navigable. Hence the project should be pushed, despite the opposition of mill and water companies, whose bridges might be disturbed. The engineers favored doing the work by sections, first to Haverhill, next to Lawrence and finally to Lowell or farther up.

We do not believe that the headwaters of the Merrimack have been diverted or cut off by the destruction of the forests or by any other cause to such an extent as to seriously affect the steady volume of the river. A great deal was made of that possibility when the agitation was in progress to have the White Mountains saved as a national reserve, but we believe that the danger, if it ever seriously existed, has actually passed, since the White Mountains will hereafter be protected against the ravages of the lumber trust and the wood pulp scavengers.

SPEAKER CLARK IN MAINE

Champ Clark's speeches in Maine were of the old time democratic stamp. On the tariff, the trusts and every other political issue, Mr. Clark is an authority. His appeal to the people of Maine to roll up a democratic victory as behooving what will follow in November was forcible and eloquent. Here are his closing words:

"Charles Stewart Parnell said: 'Opportunity is a horse bridled and saddled, which stops at each man's threshold once in a lifetime. He ready, mount, and he carries you on to success and honor; pause for a moment, he is gone, and the clatter of his iron hoofs, echoing down the corridor of time, will forever remind you of what you have lost.'"

"Democrats of Maine! Your opportunity is here. Seize it with resolute hand, thereby rendering a vast service to the party and the country."

The enthusiasm shown for Speaker Clark and Governor Marshall in Maine, seems to presage beyond a doubt, a great democratic victory at the polls.

ALL EYES ON VERMONT

This is election day in Vermont and the result will be awaited with great interest and even anxiety by all the parties. Col. Roosevelt has been the big noise there and he claims a sweeping victory, but we are mistaken if the Vermonters will desert Taft for Roosevelt. If there be any swerving from the republican ticket we surmise it will be towards Wilson and democracy.

Roosevelt almost defied himself by his frequent allusions to himself and the Lord after the manner of the German emperor. Here is a sample of his tirades in which he represents himself as an instrument in the hands of Divine Providence working for beneficent ends:

"The Lord hath delivered Pharaoh and Amalek into my hands," said the colonel. "I have them on the hip, and they are now in the open where I want them. I'll wear them as Israel hewed Amalek, hip and thigh."

Heretofore he has represented himself as fighting for the Lord, but now he represents the Lord as fighting for him. He is certainly showing the effects of a superheated imagination.

It is a foregone conclusion that there will be a great slump in the republican vote, but nobody believes that Roosevelt will sweep the state as he claimed would be the case.

MORE GENERAL USE OF SCHOOLS

Governor Wilson favors the more general use of school houses by the people. That is all very well to a certain extent; but a hall or room in which an indiscriminate assembly is held, is not a fit place for children to sh during the following day. The germs of disease are often diffused from assemblies of this kind and children should not be exposed to danger from such a source. This subject, however, is not a plank in the democratic platform so that upon such a topic democrats can afford to differ. If a school has an assembly hall separated from the regular school rooms, then the proposition might be applied without danger.

MUNICIPAL BATH SYSTEMS

The public bath systems of such cities as New York and Boston, offer to the poor people the only relief from the sweltering heat of summer. They cannot go off for a vacation but they can daily resort to the public baths and indulge in many cases, free of charge, a luxury that smaller cities do not possess. New York has the most elaborate system of baths in this country, including every description of bath provided for the people. The baths are so distributed that every part of the city is provided for. The system is a great promoter of health and the general belief is, that the outlay for baths is money well spent.

KEIR HARDIE'S PROPHECY

Keir Hardie, the English socialist, expresses the opinion that socialism is sure to come into power in the United States. The distinguished visitor is not here long enough to speak with authority. It seems to be making far greater headway in England than in this country and yet Mr. Hardie does not venture to predict that the cooperative commonwealth will be established in England.

LABOR'S PROTEST

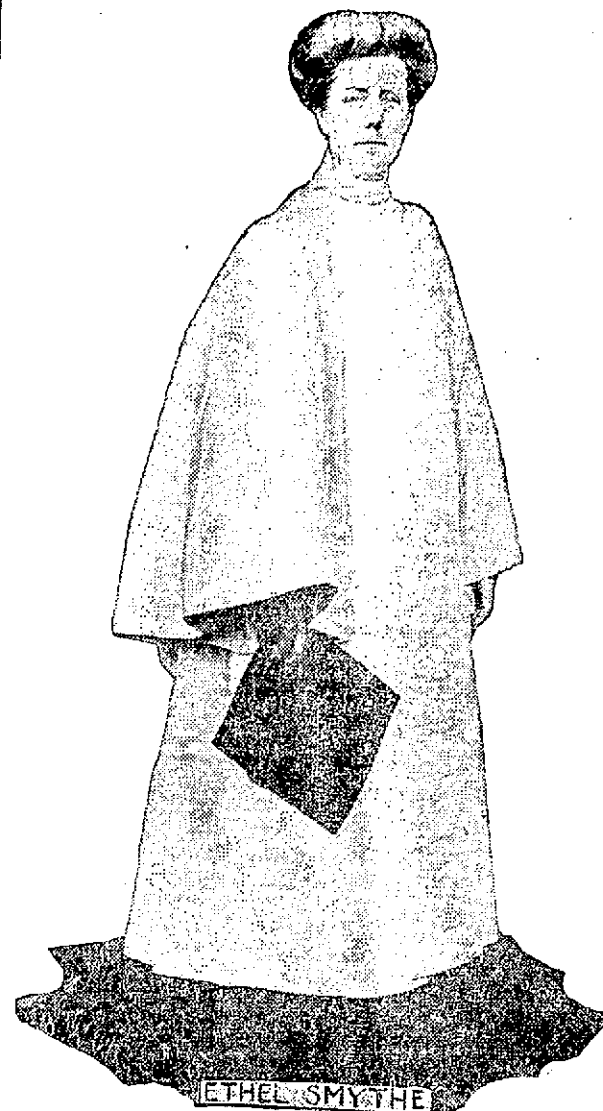

The observance of Labor Day in New England, as might be expected, brought out some protests against the detention of the I. W. W. leaders, Ector and Giovannioli, in prison and an appeal for their liberation. That appeal should bring a prompt response. Those men have been awaiting trial too long. If they were unable or did not want to pay for counsel the government should have provided counsel for their defense.

District Attorney Pelletier is setting out to put up a hot campaign. His fight in this case is against a democrat. Such a campaign put up for the success of the ticket would be more appreciable. He charges that Governor Ross, if beaten in the primaries will run as an independent on the democratic progressive ticket.

The New York Sun is bitterly opposed to Roosevelt, and is mildly twitting Governor Wilson while it is giving Taft a half-hearted support that betrays a lack of faith in his chances of election. In this respect the New York Sun's view is very generally favored throughout the country.

Out from New York city, all over the country will emanate the sentiment in opposition to gambling and corruption. The New York murder trials and the graft prosecutions will start emulations in other large cities, some of which may be almost as bad as New York.

Ethel Smythe, One of London's Most Militant Suffragettes

LONDON, Sept. 3.—Miss Ethel Smythe, one of the most strenuous of England's militant suffragettes, is well known in America. A one-act opera which she wrote entitled "Der Wald," was produced a few years since at the Metropolitan Opera house, New York. Miss Smythe was one of those arrested in connection with a recent disturbance created by the suffragettes, but she was released. Miss Smythe holds the degree of doctor of music, and the picture shows her in her robes as such.

MATRIMONIAL

Mr. Charles Edward Gott and Miss Florence Maybelle Trueman were united in marriage Saturday afternoon by Rev. E. Victor Bigelow, at the parsonage in Columbus avenue.

CLARK-WILSON

The wedding of Mr. Ernest C. Clark of the city and Miss Florence R. Wilson of Lynn was solemnized Friday in Lynn by Rev. Mr. Harriman of the

latter place. The young couple went on a honeymoon trip to the west and in the West where Mr. Clark is to accept a position upon his arrival.

Mr. Edward C. Isherwood and Miss Clara Galloway were married Saturday by Rev. N. W. Matthews at the parsonage, 15 Ellsworth street. The couple were attended by Miss Sarah R. Isherwood and Mr. William Galloway.

Mr. Joseph Heroux and Miss Marie Gagnon were married yesterday morning at a nuptial mass celebrated at 10 o'clock at St. Joseph's rectory by Rev. Charles Panquet, O. M. I. The young people were attended by Mr. Robert Gagnon and Joseph Panquet. The ceremony was held at the home of the bride's parents in Cheever street and

POIRIER-NORO

The wedding of Mr. Armand Poirier and Miss Emma Noro, two young people of West Centralville, was solemnized yesterday morning at St. Anne's church, the ceremony being performed at 10 o'clock by Rev. R. A. Poirier. The witnesses were Mr. Edward Burke and Miss Anna Caver. After the ceremony the bride and groom, accompanied by the bridesmaids, went to the home of the bride's parents, in Aiken avenue, where a dainty wedding dinner was served. The couple will make their home at 36 Aiken avenue.

BIRKLEY-ROOTH

Mr. Charles H. Birkley of Laporte, Ind., and Miss Florence M. Booth of Bradford, Eng., were united in marriage at St. Anne's church in this city yesterday morning. The bride was given away by Mr. John Cooper of Bradford, Eng., and Mr. Fred S. Scott of Providence, R. I., acted as best man.

The bride was becomingly attired in a gown of white mignon over white satin and wore a veil with a wreath of orange blossoms and carried a bouquet of white roses. The bridesmaid, Miss Seaton of Bradford, of Jamestown, N. Y., wore a pretty gown of green mignon over rose colored satin, and carried a shower bouquet of American roses.

After the ceremony the bridal party with relatives and friends were entertained at the home of the bridegroom's parents, 266 Park street, where the Miss Alice Scott, Miss Norah Brooks, Miss Belle Scott and Miss Meredith Trueman served luncheon. The house and tables were prettily decorated with flowers.

The couple received numerous beautiful gifts. After a bridal tour through New York state, they will be at home to their many friends at 118 East Maple avenue, Leperre, Indiana, on Dec. 1.

LEFEVRE-LEMBRE

A very pretty wedding was solemnized yesterday morning at the parsonage of St. Joseph's rectory, where Mr. Emile Lefevre and Miss Florida Lembre were united in the bonds of matrimony. The ceremony was performed at 10 o'clock by Rev. Fr. Gratton, O. M. I., and the young couple were attended by Messrs. Lefevre, Lembre, and the bride and groom. After the ceremony the bride and groom, accompanied by the bridesmaids, went to the home of the bride's parents, 18 Common street, where a dainty reception was served. The happy couple left on the 11:25 o'clock train for Keene, N. H., and from there they will visit relatives in Springfield and Manchester. They will return by the last of the week at which time a reception will be tendered them at the home of the bride's parents. Mr. and Mrs. Lefevre are the recipients of many costly gifts, which will make their home at 3 Salem street.

Saturday evening the young bride was given away by her many friends who gathered at her home and presented her a well filled purse. A very pleasant evening was spent, there being local and musical selections. A buffet supper was served and the young woman was showered with congratulations and best wishes. Those responsible for the affair were Misses Merle, Leandre, Florida Desrosiers and Marie Anne Lambert.

ROSE-COUMBS

A pretty wedding was solemnized yesterday when Rev. Francis Howard Coumbs of Wellesley, Mass., united in the bonds of matrimony, the young couple being attended by Rev. Fr. Gratton, O. M. I., and the young couple were attended by Messrs. Coumbs and the bride and groom. After the ceremony the bride and groom, accompanied by the bridesmaids, went to the home of the bride's parents, 18 Common street, where a dainty reception was served. The happy couple left on the 11:25 o'clock train for Keene, N. H., and from there they will visit relatives in Springfield and Manchester. They will return by the last of the week at which time a reception will be tendered them at the home of the bride's parents. Mr. and Mrs. Lefevre are the recipients of many costly gifts, which will make their home at 3 Salem street.

ROTH-ROTH

An event of note in the East Gloucester summer colony was the marriage yesterday noon at Gloucester of Miss Catherine Roth, daughter of Mr. and Mrs. Henry Roth of Hartford, Conn., and Miss Margaret Roth of Hartford and Bass Rocks, and Winthrop Parker Roth of Lowell. Just 24 years ago, on the piazza of the Sherman residence at Bass Rocks, on which yesterday's ceremony was performed, Miss Roth's parents, Mrs. Sherman, the superior court, were married by Rev. Mr. Hayden of St. Johns.

A week later both will travel to the west and sail from San Francisco for Java, Philippine islands, where Mr. Rose will be engaged at the industrial mission school of that place.

RUTTRICK-SOUTHERN

An event of note in the East Gloucester summer colony was the marriage yesterday noon at Gloucester of Miss Catherine Roth, daughter of Mr. and Mrs. Henry Roth of Hartford, Conn., and Miss Margaret Roth of Hartford and Bass Rocks, and Winthrop Parker Roth of Lowell.

Just 24 years ago, on the piazza of the Sherman residence at Bass Rocks, on which yesterday's ceremony was performed, Miss Roth's parents, Mrs. Sherman, the superior court, were married by Rev. Mr. Hayden of St. Johns.

Yesterday's bride is a graduate of Bryn Mawr and the bridegroom of

Williams college, '09. The officiating clergyman was Rev. Appleton Granis of St. Ann's Episcopal church, Newell, assisted by Rev. Mr. Driel of Hartford.

The bride was gownned in white satin, with duchesse lace, which was worn by her mother and her grandmother at their wedding. She carried a basket of pink roses.

The bridesmaids were Miss Annie Pugh of Overbrook, Penn.; Miss Alana Quinby and Miss Mabel Ashley, both of New York; Miss Marion White and Miss Margaret Brockway of Hartford. They were gownned in white tulle over black and carried lavender
